

Dear SOFIA Community members,

We look forward to seeing many of you at the 235th American Astronomical Society (AAS) meeting January 4-8, 2020 in Honolulu, Hawaii. The following events will feature SOFIA research:

- **Splinter Session:** "Exploring the Infrared Universe." Sunday, Jan. 5, 2:00 - 3:30 pm (room 323C), with talks by Klaus Pontoppidan (STSci), Emily Levesque (UWash), Matt Hankins (Caltech), Enrique Lopez Rodriguez (SOFIA), Darek Lis (JPL), followed by a panel discussion
- **Oral session:** "Molecular Clouds, HII Regions, Interstellar Medium with SOFIA." Tuesday, Jan. 7, 2:00 - 3:30 pm (room 324)
- **SOFIA Town Hall.** Tuesday, Jan. 7, 7:00–8:00 pm (session 384, room 313B)
- **Plenary Lecture** "The Future of Infrared Astronomy in the Context of Spitzer, SOFIA, and JWST." Wednesday, Jan. 8, 11:40 am - 12:30 pm (ballroom AB) by Peter Eisenhardt (NASA Jet Propulsion Laboratory) and James De Buizer (SOFIA)
- **Hyperwall Presentations** at the NASA booth:
 - SOFIA's View of Galactic Evolution (Sunday, Jan. 5, at 12:30 pm)
 - SOFIA's View of Galactic Centers (Tuesday, Jan. 7, at 5 pm)

Details about these events and more than 25 contributed Posters, iPosters and oral presentations are available on our [website](#).

Find us in the [exhibit hall, booth #416](#), near the AAS Resource Center, throughout the meeting. There you can talk with the SOFIA team, see SOFIA science posters and pick up the latest edition of our printed newsletter.
