

# Director's Discretionary Time Structured Review #2

## Proposal Submission Statistics

## Overview

- **2 structured Director's Discretionary Time reviews scheduled in 2017**
  - *500+ Hours each solicited*
- **Rev #1 – 28 Feb    20 props, 1773 hrs**
  - *Selected 11 proposals, 338 hours*
- **Rev #2 – 12 Sep    41 props, 2243 hrs**

# DDT#2 Submission Summary

- **41 proposals received – 2243 hours**

- *Twice as many proposals as the February review*

PI Institution	# Proposals	Hours
US	30	1489
non-US	11	754

Hours Requested	# Proposals
< 10	11
10 - 100	27
100 - 500	2
> 500	1

Science Category	# Proposals	Hours
Exoplanets	17	1875
Other Galactic	9	161
Distant Universe	8	166
Other Exgal	7	42

**84% of time requested is for exoplanets!**

# Summary

- **Exoplanet science again dominates the requests**
- **One-quarter again from non-US PIs**
- **One-third from new Spitzer PIs!**
- **Proposals being reviewed remotely by Cycle-13 reviewers**
- **Announce selection by October 12**

# Future

- Originally planned a third structured DDT review for April 2018
- Sufficient time will be available (> 3000 hours) for the last 5 months of the mission that we plan a full proposal call
- **Cycle-14: Proposal Deadline 10 April 2018**
- In-person review recommending the final Spitzer programs
