

NASA/IPAC Infrared Science Archive (IRSA) User Survey

May 29, 2018

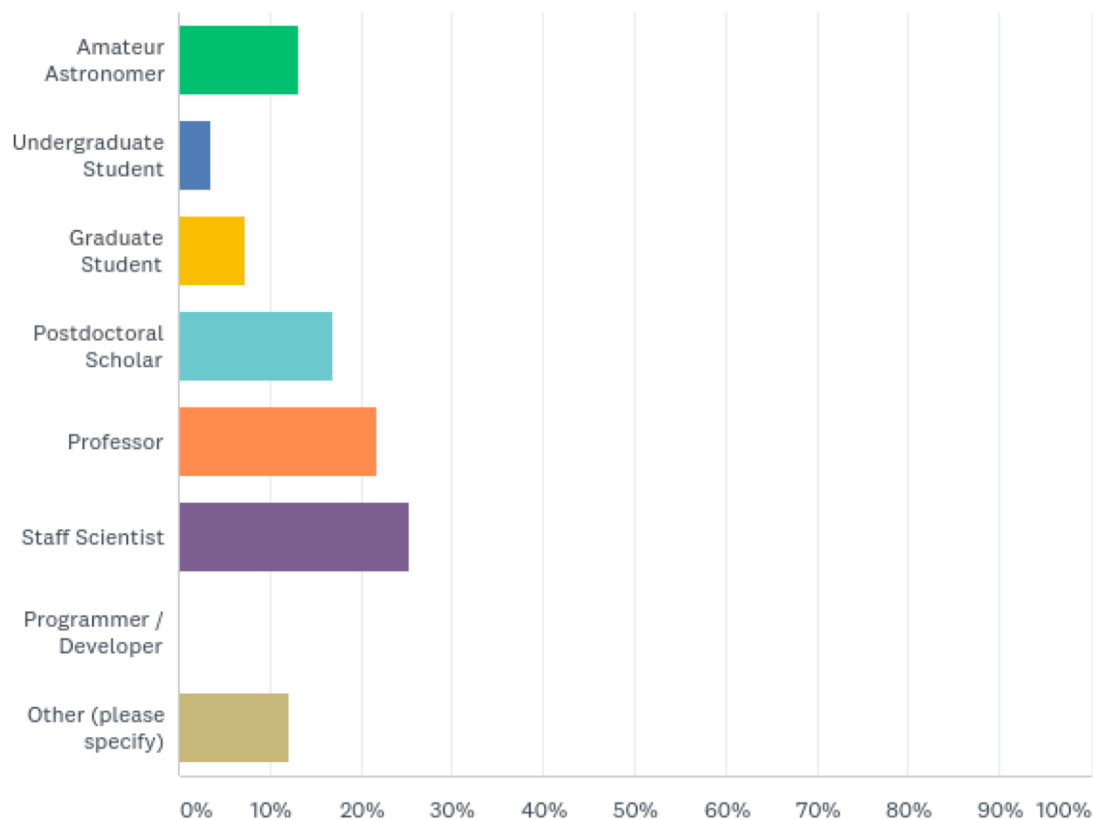

NASA/IPAC Infrared Science Archive

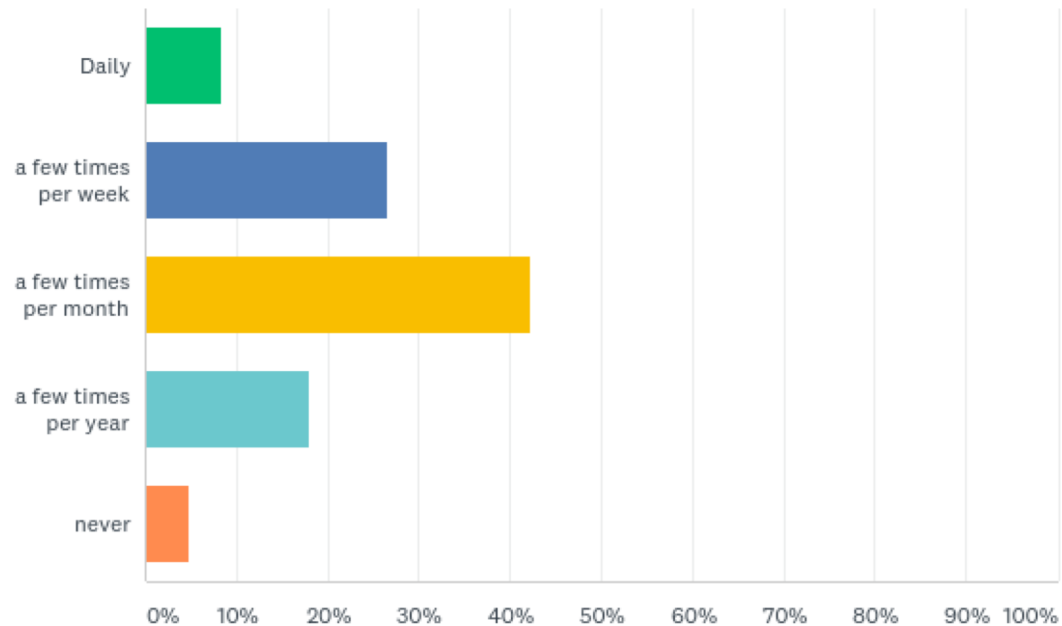

Q1: What is your occupation?

- Answered: 83 Skipped: 0

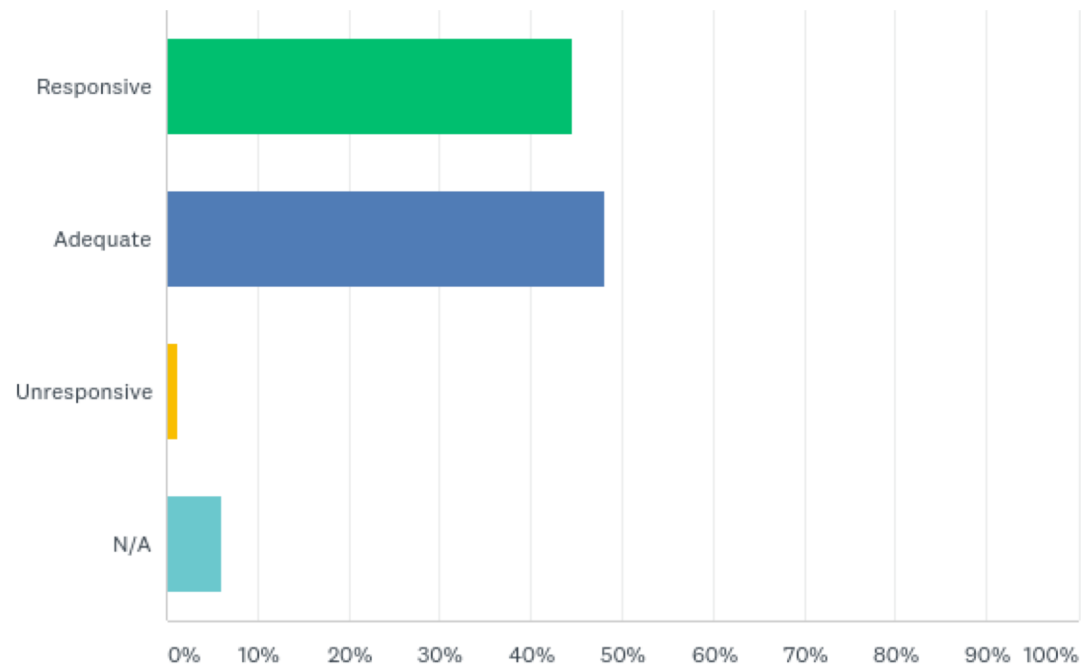

Q2: How often have you used IRSA in the past 12 months?

- Answered: 83 Skipped: 0

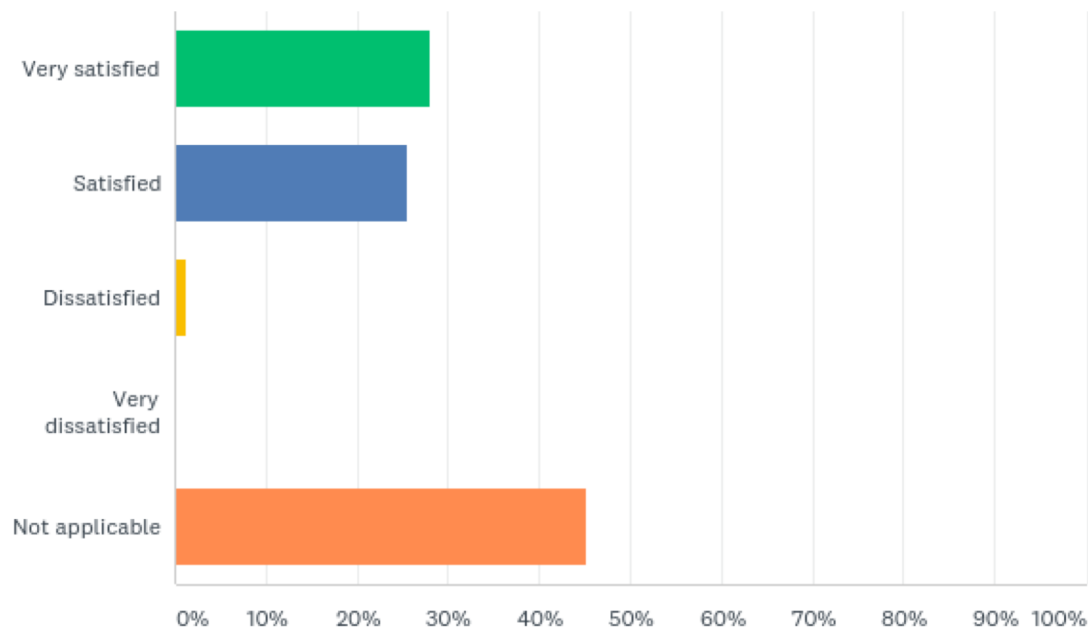

Q3: If you have retrieved data from IRSA in the past year, what was your impression of the performance?

- Answered: 83 Skipped: 0

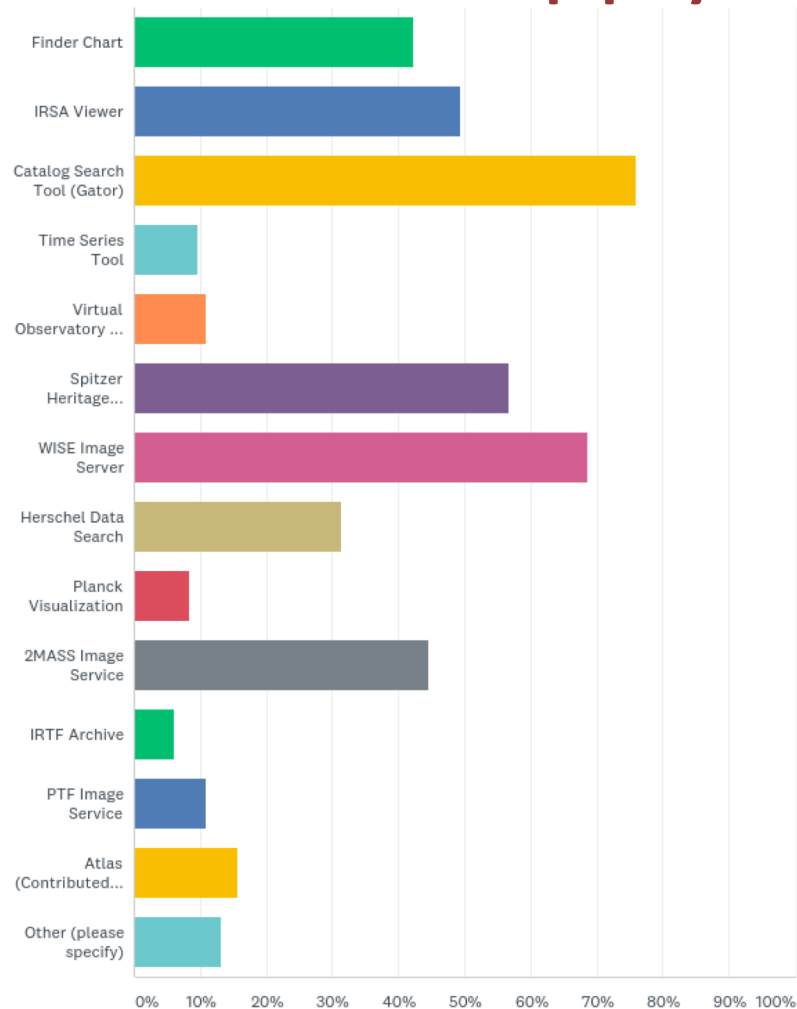

Q4: Have you been happy with the timing and accuracy of responses from the IRSA Helpdesk?

- Answered: 82 Skipped: 1

Q5: What IRSA Interfaces do you use? Check all that apply.

- Answered: 83
Skipped: 0

Please comment on your experience with these tools.

- Answered: 57
Skipped: 23

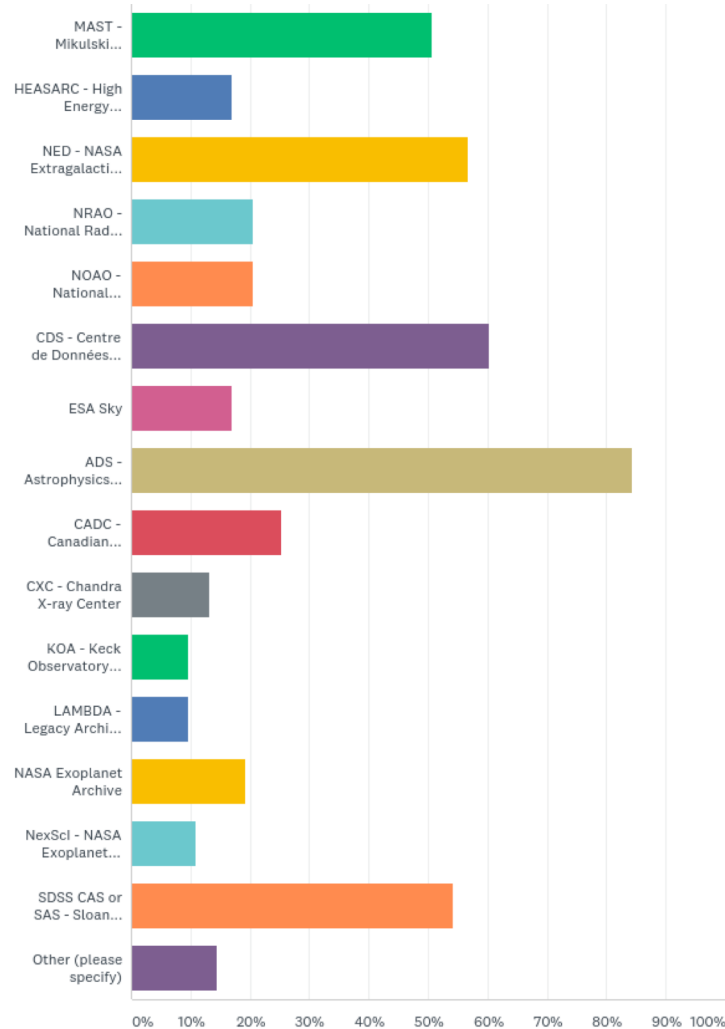

Responses at

https://irsa.ipac.caltech.edu/docs/user_survey/2018/q6.xlsx

Q7: Besides IRSA, which archives / tools do you use? Check all that apply.

- Answered: 83
Skipped: 0

Are there specific features of other archives that you would like to see implemented at IRSA? Please list.

- Answered: 38
Skipped: 45

Responses at

https://irsa.ipac.caltech.edu/docs/user_survey/2018/q8.xlsx

Which data sets from other archives do you combine with IRSA data sets?

- Answered: 40
Skipped: 43

Responses at

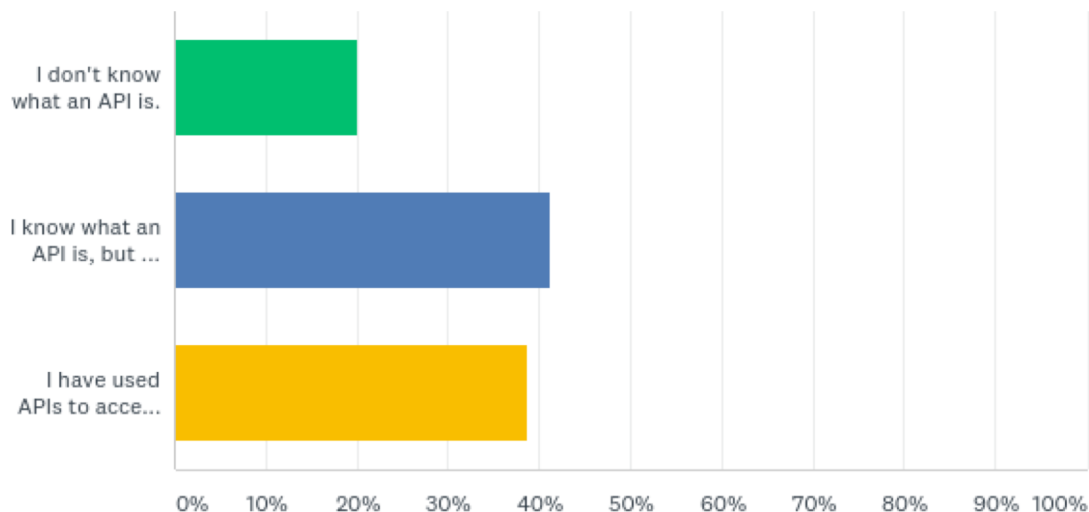

https://irsa.ipac.caltech.edu/docs/user_survey/2018/q9.xlsx

Q10: What is your experience with Application Program Interfaces (APIs)?

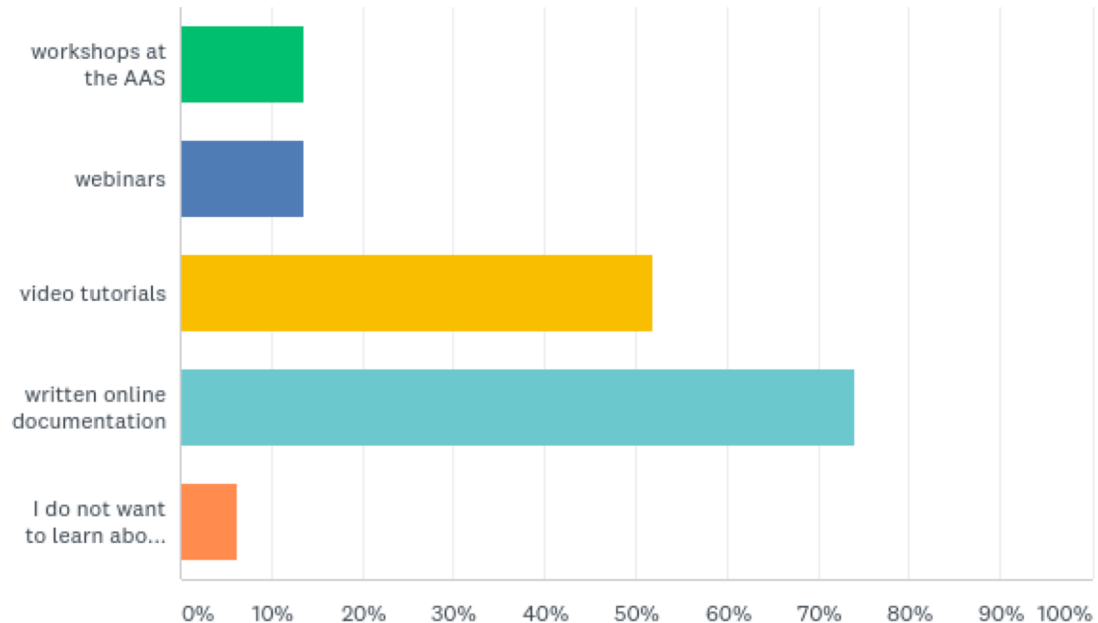

Check all that apply.

- Answered: 80 Skipped: 3

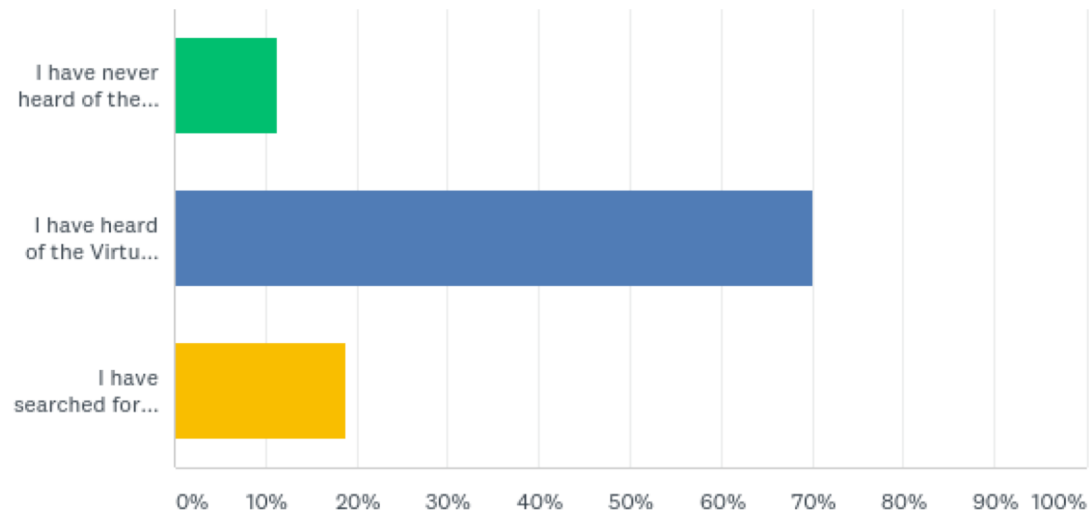

Q11: If you would like to learn more about accessing NASA Astrophysics Data sets through Application Program Interfaces, which of the following would be most appealing to you?

- Answered: 81 Skipped: 2

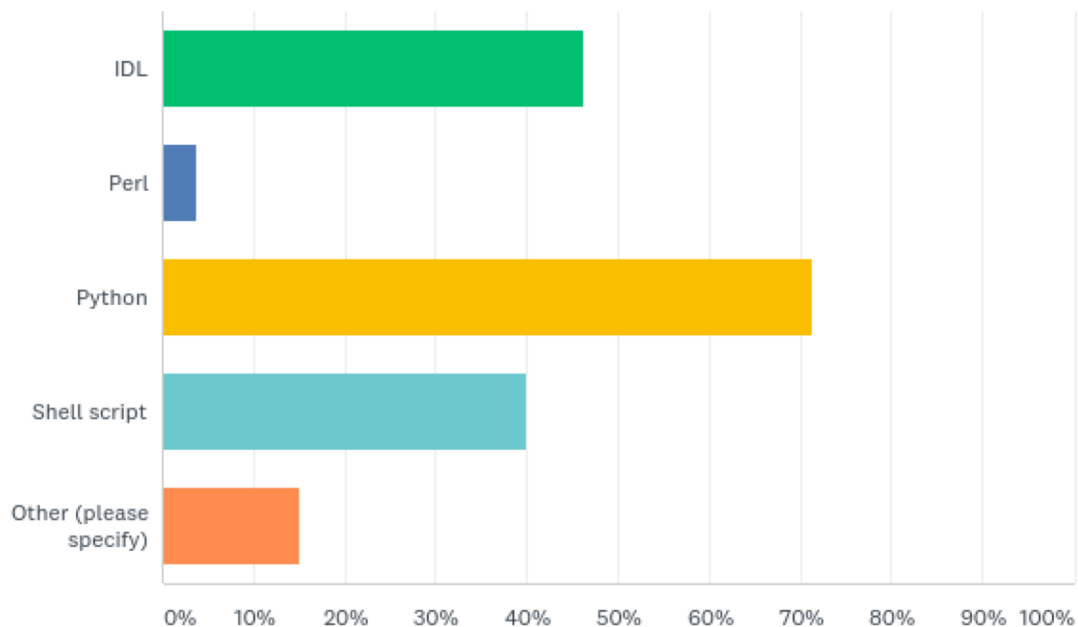

Q12: How familiar are you with Virtual Observatory Protocols?

- Answered: 80 Skipped: 3

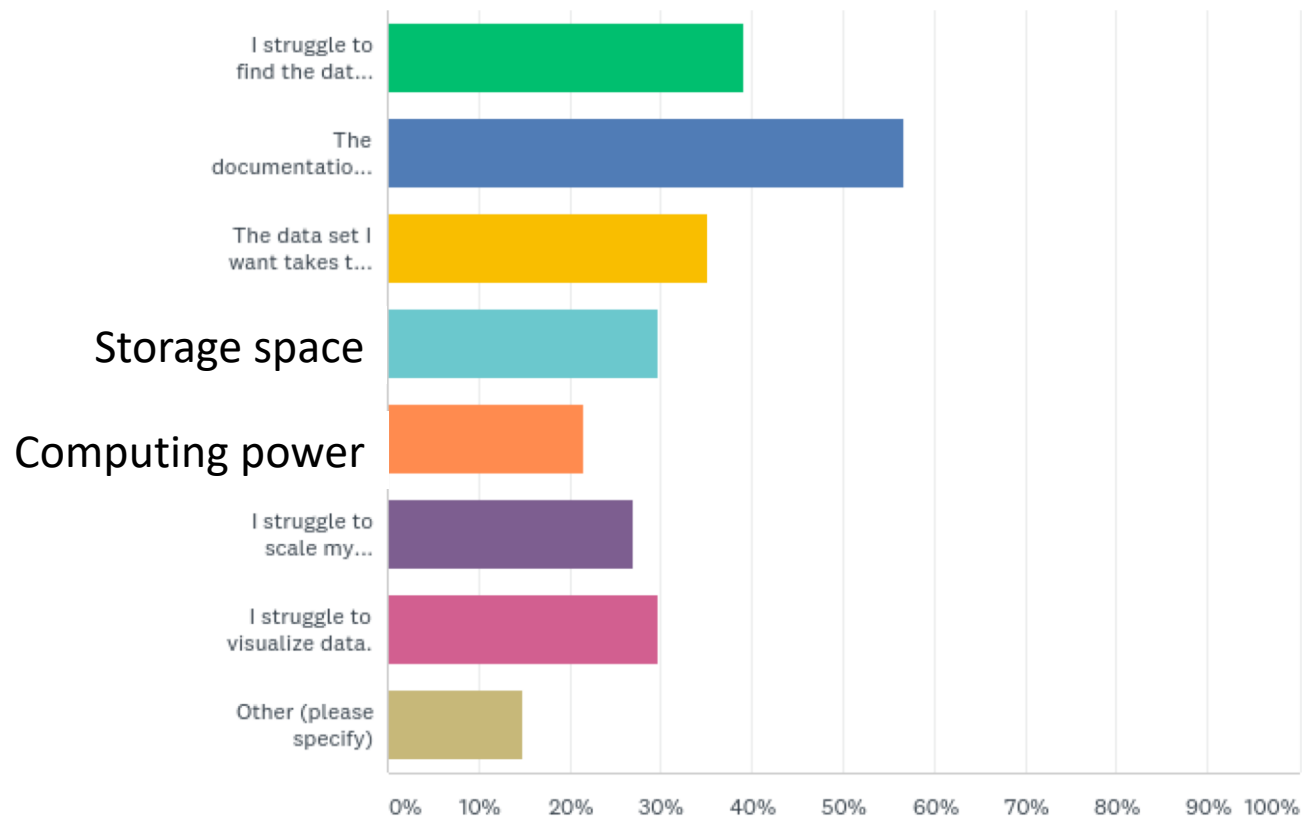

Q13: What scripting languages are you comfortable with?

- Answered: 80 Skipped: 3

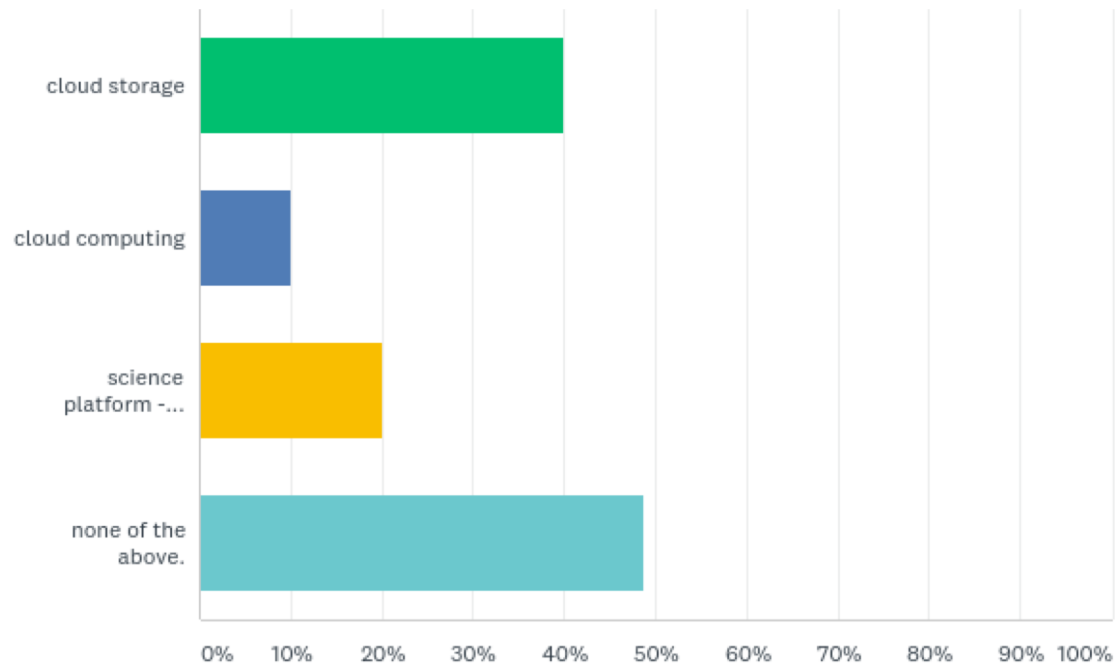

Q14: Which of the following problems have you encountered when dealing with astronomical data sets?

- Answered: 74 Skipped: 9

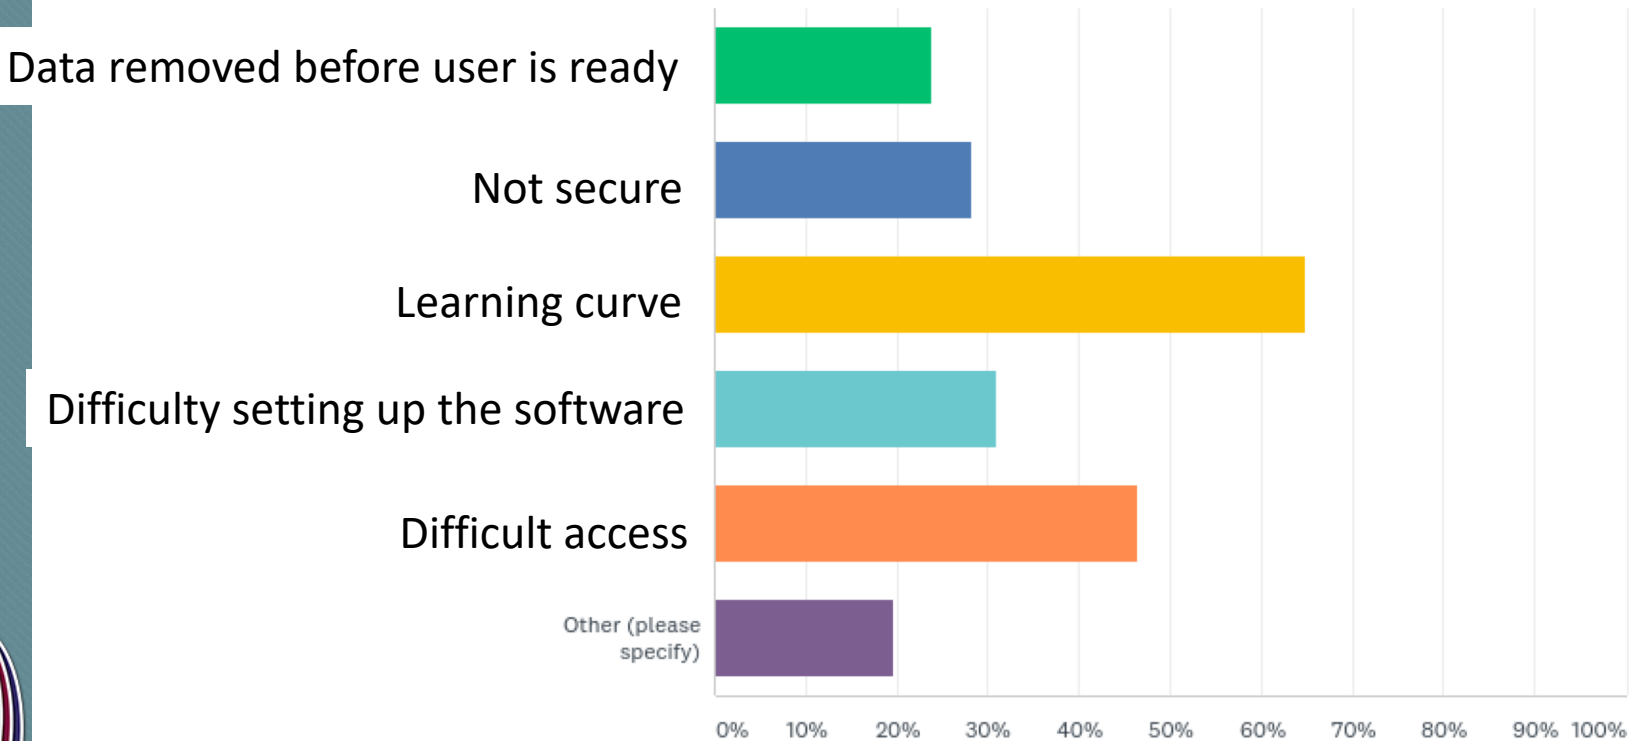

Q15: Which of the following do you currently use in your work?

- Answered: 80 Skipped: 3

Q16: What concerns do you have uploading analysis software to a remote location and running it close to large datasets of interest ?

- Answered: 71 Skipped: 12

What are the important messages that the community needs to convey to the Decadal Survey about astrophysics archives in the 2020s?

- Answered: 37
Skipped: 46

Responses at
